

Valve Actuator - 24-Volt Compact Valve Actuator, Next Generation

Item PE24GVA

PRODUCT DESCRIPTION

The Intermatic® PE24GVA compact valve actuator is designed for today's pool automation systems. It is fully adjustable with a simplified toolless setup. This valve actuator was designed specifically with the installers and pool owners in mind. The spin and set cams make it a breeze to work with.

FEATURES

- ▶ Reliable control of 2-way and 3-way diverter valves
- ▶ Toolless and easy-to-adjust cam rotates valves to multiple settings
- ▶ Compatible with all pool/spa valves and controls
- ▶ Compact

APPLICATIONS

- ▶ Valve Control

TECHNICAL DATA

General

Model Number	PE24GVA
Description	24-Volt Compact Valve Actuator, Next Generation
UPC Code	078275152779
Brand	Intermatic
Country of Origin (Intermatic)	MEXICO
Warranty Period	1-Year limited

Dimensions

Cord Length (ft)	25
------------------	----

Material Specifications

Color	Black
Body Material	Plastic

Electrical Specifications

Input Voltage Range(s)	24 VAC, 60 Hz
------------------------	---------------

Packaging

Unit Carton Dimensions (H x W x L) in	6.125 x 8.375 x 6.375 in
---------------------------------------	--------------------------

Standards and Certifications

UL Certification	cULus
California Proposition 65	DEHP
