

Photocontrol - Open Cap for Locking Type Receptacles, bulk pack

Item OK4500RJ

PRODUCT DESCRIPTION

The OK4500R Open Cap is a low-profile, locking-type photocontrol cap that temporarily takes a light fixture out of service (turned OFF) while leaving other lights in the same circuit energized. Easy to install and remove, the OK4500R helps reduce damage to lighting fixtures by providing a protective shell around the exposed receptacle.

FEATURES

- Fits standard locking-type receptacles
- Polycarbonate housing
- Works for all voltages
- Seals receptacle without turning lights ON

TECHNICAL DATA

General	
Model Number	OK4500RJ
Description	Open Cap for Locking Type Receptacles, bulk pack
UPC Code	078275151253
Brand	Intermatic
Country of Origin (Intermatic)	MEXICO
Warranty Period	2-Year limited
