Technical Specifications

Compliance

UL Listed:
Suitable for wet locations in a covered ceiling

Energy Star Approved:
ENERGY STAR® Version 2.0 Certified

Construction

Housing Component:
This component must be ordered with the 2 inch deep regress downlights trim in order to make a complete fixture.
See here for Square 2" Deep Regress Trims

Housing:
Professional-grade, heavy-gauge steel construction with 1 1/4" spackle flange for trim less installation

Mounting:
Housing includes nailer bars and butterfly brackets. Brackets also accommodate mounting with 1/4" to 1/2" bar stock, C channel or 1/2" conduit.

Junction Box:
Integral junction box with wiring capacity for Min 60°C supply conductors
End of Run

Easy Installation:
Ceiling clamps install quickly and hold housing securely. Clamp ceilings from 1/2" to 2 1/2" thick, with course and fine adjustments.

Trimless Look:
Flush trim for a trimless look without the hassle. Complete ceiling finishing work (spackling, sanding, painting) before installing to ensure a clean trim.
Other

Warranty:
RAB warrants that our LED products will be free from defects in materials and workmanship for a period of five (5) years from the date of delivery to the end user, including coverage of light output, color stability, driver performance and fixture finish. RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty.

Buy American Act Compliance:
RAB values USA manufacturing! Upon request, RAB may be able to manufacture this product to be compliant with the Buy American Act (BAA). Please contact customer service to request a quote for the product to be made BAA compliant.
