Technical Specifications

Performance

Product Type:

Remote Accessory

Description:

The Remote Plate Adapter is an accessory is a backplate kit that gives Wireless Remote the appearance that is permanently affixed to the wall while still reaping all of the benefits of wireless control.

Lightcloud

Lightcloud Blue:

Lightcloud Blue is a Bluetooth mesh wireless lighting control system that allows you to control RAB's various compatible devices. With RAB's patent-pending Rapid Provisioning technology, devices can be quickly and easily commissioned for residential and large commercial applications using the Lightcloud Blue mobile app. Each device in a system can communicate with any other device, eliminating the need for a Gateway or Hub and maximizing the control system's reach.

Installation

Mounting:

The Remote Plate adapter includes a replacement battery cover for the Remote and a new backplate to be affixed to the wall or in a single gang wall box. Once the backplate is mounted, place the Remote with the new battery cover on the backplate until it clicks into place. Then place the faceplate on top until it clicks into place. The Remote should appear flush with the faceplate and cannot be removed without removing the faceplate.
